The University of Manchester Furniture4Reuse facility is located in the basement of the Simon Building, which is building 59 on the campus map.

The Simon Building is located just off Oxford Rd and is a two minute walk from the Manchester Museum. We recommend visitors enter the building via the left-hand side entrance. (see picture below) As you enter there is a lift and stairs immediately to your left. Go down to the basement level and follow the internal signage marked Furniture4Reuse Room B.31
